## FACE celebrates 25 years

The Fond du Lac Family and Child Education (FACE) Program is proud to celebrate our 25 year anniversary serving families in our community.

We were honored to host a regional training this fall with The Bureau of Indian Education, Parents as Teachers, National Center for Family Learning, The Oneida Nation, Pearl River Tribe, Chief Leschi Nation, Hannahville Indian School, and Lac Courte Oreille Tribe. The objective was to continue professional development for the FACE staff and make connections with fellow early childhood programs. The Pearl River Tribe gifted a handmade reed basket to the people of Fond du Lac for their support during Hurricane Katrina. The Black Bear Resort and Casino was the location of the training, and was not only an excellent host, but they also supported all of our needs; including groups breakfasts, group rate lodging and buffet lunch. The group had a chance to tour our FACE facility and the OJS with a few that stayed to enjoy the Dagwaagin Powwow!

Lorraine Houle and Megan Maly, our two parent educators, were invited to attend the Parents as Teachers National Conference in Dallas, TX, on November 9-11. The conference was the 25th year celebration for the FACE Program nationwide with Fond du Lac as one of the original sites! Megan was asked to co-host a workshop on integrating A Culturally Adaptive Community and Family Engagement Model. Many attended the session from all over the U.S. and positive feedback was received. Closing out this experience was keynote speaker, 'The Father' of the FACE Program, Bill Mahojah Jr. of the Kaw nation of Oklahoma. He is the former Director of the Office of Indian Education Programs, who developed the pilot program in 5 schools within various tribes. Since that time it has expanded to 43 schools and over the past 25 years has enrolled more than 41,000 adults and children!

If you are interested in more information about the FACE Program and the people it serves, please feel free to contact us at (218) 878-7231.

Published monthly by the Fond du Lac Reservation Business Committee. Subscriptions are free for Fond du Lac Band Members. To inform us of a change of address, write to: Fond du Lac News, Tribal Center, 1720 Big Lake Rd., Cloquet, Minn. 55720.

Editor: Zachary N. Dunaiski

The mission of this publication is to provide the Anishinaabeg community of the Fond du Lac Band of Lake Superior Chippewa, Fond du Lac Reservation, with news and information that will be of help to them in their everyday lives. In addition, our goal will be to highlight many of the honors, accolades, accomplishments and awards that are earned by community members but are mostly overlooked by the mass mainstream media.

It is our hope that through greater information about the activities of our people, this publication can be an instrument of true community. It is not our intention to be a vehicle of divisiveness. To that

end, we do not publish editorials, opinion pieces or letters to the editor. There is an abundance of opportunity for the publishing, airing and dissemination of material of personal opinion in other communication vehicles available throughout the area, region and state.

Our mission is to provide for Fond du Lac Anishinaabeg a publication that will not dismiss their culture, heritage, hopes and dreams. We are striving to make this newspaper fill that role.

## Elder fall prevention awareness

Each year, one in every three adults age 65 and older falls. Falls can cause moderate to severe injuries, such as hip fractures and head traumas, and can increase the risk of early death or permanent placement outside the home. Fortunately, falls are a public health problem that is largely preventable.

### How big is the problem?

One out of three adults age 65 and older falls each year but less than half talk to their healthcare providers about it among older adults (those 65 or older), falls are the leading cause of injury or death; they are also the most common cause of nonfatal injuries and hospital admissions for trauma.

Twenty to thirty percent of people who fall suffer mod-

erate to severe injuries such as lacerations, hip fractures, or head traumas; these injuries can make it hard to get around or live independently, and increase the risk of early death.

Many people who fall, even if they are not injured, develop a fear of falling; this fear may cause them to limit their activities leading to reduced mobility and loss of physical fitness, which in turn increases their actual risk of falling.

### How can older adults prevent falls?

- Exercise regularly: it is important that the exercises focus on increasing leg strength and improving balance, and that they get more challenging over time, Tai Chi programs are especially good

- Ask their doctor or pharmacist to review their medicines—both prescription and over-the-counter—to identify medicines that may cause side effects or interactions such as dizziness or drowsiness
- Have their eyes checked by an eye doctor at least once a year and update their eyeglasses to maximize their vision; consider getting a pair with single vision distance lenses for some activities such as walking outside
- Make their homes safer by reducing tripping hazards, adding grab bars inside and outside the tub or shower and next to the toilet, adding stair railings and improving the lighting in their homes.

To promote fall prevention,

the FDL Human Services Divisions Community Health Services Department will offer the program A Matter of Balance. The program was designed with several purposes including: helping to reduce the fear of falling, stopping the fear of falling cycle, and improving the activity levels of older adults living in the community. The program consists of eight classes, each 2 hours long, which are run by trained coaches. Classes will be held at the Cloquet Community Center starting on Mar. 10 through Apr. 28 from 10 a.m.-12 p.m. A small snack is provided during class and an incentive is offered to individuals who complete the program.

## Two from FDL chosen as Native Nations Rebuilders

Two Fond du Lac Band members, Herb Fineday and Donna Ennis, were chosen as Native Nations Rebuilders.

Herb has more than ten years of experience in law enforcement with the Fond du Lac Police Department. He has served in several roles throughout his career including chief of police, sergeant, and emergency management coordinator. Herb serves on many boards and committees, and in his spare time he is an active youth mentor. Herb lives with his family, which includes four children. He wouldn't be where he is today without the support of his partner, who will become his wife in early 2016.

Donna is a licensed social worker, tribal elder, and community center manager at the Fond du Lac Reservation. She writes for Indian Country Today and The Daily Yonder. Donna is earning her Master's Degree in tribal administration and governance at the University of Minnesota-Duluth, and expects to graduate in May of 2016. She received her undergraduate degree in social work from the University of Wisconsin, Superior.

## FDL Officer receives award

Brett Casey was awarded a certificate of appreciation from the FDLPD because of his quick actions on Nov. 2, 2015.

He noticed that a house was being broken into, and proceeded to chase the suspects and notify law enforcement. Because of his quick action, law enforcement was able to apprehend the individuals that had burglarized the house. The house was ransacked and many things were taken, we were able to retrieve most of the homeowner's belongings. Damage inside the home was significant.

Officers at the department also took up a collection and raised \$100 for the victims to help with the costs of some of the damages that were a result of the burglary.

## Hello all

The holidays are over and I hope they went well for all of you. Once again it has been a busy month here for me at Fond du Lac. I have been meeting and setting up meetings with a number of officials in an effort to discuss issues that affect our Reservation.

A while back, I wrote about the possibility of the Band purchasing a property in the Twin Cities. This is property that we will be using to relocate and expand our current clinical services in the urban area. We were able to make this happen now as the purchase of this building and property are complete. Plans for

this property are to enhance our ability to provide health services to our members and others that live in and around the metro area. I would like to thank our clinical staff for their forward thinking, ensuring that we, and future generations, are provided a facility offering professional services.

I, along with Jeff Savage, our Museum Director, was invited to the State Capitol to discuss the native art that is displayed within

the Capitol. They are wondering about and looking for advice on the appropriateness of their art display. Jeff was very knowledgeable and provided some good culturally appropriate advice for future art and good insight on the current art displayed at the State Capitol.

On a different note, our Cloquet Community Center has been busy. Along with their regular scheduled activities, they have started with the inclusion of 4H into

some of their programming. I am looking forward to this partnership as they are able to provide activities that have been tested and work well.

Also, we will be meeting with the Natural Resources staff to discuss and plan for the upcoming spring fishing activities. Please monitor their website for detailed activities regarding limits and regulations.

I have been monitoring the construction of our Duluth CAIR Clinical building. Construction crews are continuing to work through the extremely cold weather and are making good progress.

## Boozhoo,

Happy New Year! I hope you all had a safe and happy holiday season and were able to spend some time with your loved ones. I also hope that this New Year brings all the goodness that you deserve.

The RBC closed this week on a building in Minneapolis that will allow us to expand services to the American Indian population in the metro area. The current space needs for our pharmacy has far outgrown the current location. It made the most sense to locate in a space that would allow for expansion into services needed by our service population. We were able to secure a building that fit the needs for our future plans and located a short distance from our current pharmacy. The most desirable aspect will be parking for the clients using our services and they will be located under one roof.

The past few months have been a little difficult with the lack of two representatives on the RBC. Time off has been at a premium for the three of us. We have been able to sneak a day here or there when nothing was happening but for the most part we were available if needed. There should be some relief as the special election for Sawyer representative is on February 9. If you vote in the Sawyer District it is important for

you to do so in the upcoming election. Be sure to participate as each vote is important.

Not to talk politics too much but we also have a regular election for the Chairperson, District 1, and District 3 fast approaching. The sign up period is almost over and the candidates should be certified shortly thereafter. Keep an eye on this paper as the candidates will be given the opportunity to place a statement here to let you know them and their positions on some of the issues facing our Reservation.

Last, is we had our employee recognition dinner for the two casinos. It was well attended and several awards were given out, 130+ for perfect attendance and years of service from 5 years to an amazing 30 years. These employees are the backbone of our success.

They are on the frontlines of our facilities dealing with our customers on a daily basis with their pleasant smiles and happy personalities. Thank you all for the tremendous job you do for the Band.

## **A Chippewa Legend – Duluth News Tribune of March 22, 1896**

The unwritten history of the country surrounding the present site of Duluth dating back over 300 years, shows the country in possession of the Sioux tribe with their leading village located at the foot of the rapids of the St. Louis river near the mouth of Mission creek. This spot was then known as Na-ga-tche-wa-nang (no more current) was covered with the tepees of the Sioux braves and was the abiding place of the women and children of their tribe.

About the last of the sixteenth century found the Chippewa's, another powerful band making excursions into this territory in search of game. This roiled the ire of the Sioux and many a battle waged between the two nations over the fights to these hunting grounds. Hundreds of skeletons lie buried in the sand along the mouth of the river or repose at the bottom of the numerous marshes in its vicinity as evidence of the bitter warfare that raged for many years in this region. Evidently the Chippewas were successful in dislodging their enemy and securing comparative peaceful possession of the territory surrounding the head of the lakes. They at once fixed upon the present site of Fond du Lac for their central village, retaining the name given it by the Sioux (Na-ga-tche-wa-nang). Many

a time did the ousted Dakota attempt to regain possession of this beautiful garden spot of Minnesota and as many times did they fail. As late as 1850, after this valley had been settled by the whites, the Sioux made determined effort to regain their old home, but were successfully checked within five miles of here by the Chippewas and whites.

When Na-ga-tche-wa-nang or Fond du Lac, as it was afterward called, was first inhabited by the Chippewa's they were under the guidance of Chief Cu-tche-wau-be-shis (Big Martin) who was believed by his followers to bear a charmed life, being impervious to the bullets of his foes. It was farther their belief that should a woman ever look upon him while engaged in battle this charm would disappear and it was a custom for the women to hide their heads when he rallied forth to battle. The demise of this chief was in keeping with the superstition as the traditions of the tribe show. Here is the story recited by a descendant of the tribe and could the reader have seen the flashing eyes, "the rapid play of emotions upon his features," with which the tale was told with a mixture of English, French and Indian, would never have failed to credit the sincerity of the speaker's belief:

"After the Sioux has been effectually routed from their position at the head of the lakes and driven to the prairie country west and comparative peace

resigned, Cu-tche-wan-be-shish accompanied by one of his braves and his wife, repaired to Sandy lake near the Mississippi river in search of game. The chief had been indisposed for several days and contented himself with reclining in his tepee while the woman and brave searched for game. Suddenly the chief was attacked by 300 Sioux braves. Sick though he was, he succeeded in killing a majority of the attacking party when the woman, attracted by the noise, suddenly came upon the scene. No sooner did she set eyes upon the chief than a Sioux lance pierced his side."

This story is religiously believed by the descendants of that great chief. The next recognized chief was Ne-ne-we (man) who was soon succeeded by Shing-gub (Balsam).

### **Information from the Internet**

I use Ancestry for my research but rarely browse around looking for information. Don't know why I did this time but I found some information on a site called Chevalier – Team Van Rens/McGavock. On page 3 of this site was some information on Big Martin and that he died at Elk River in 1773. The above legend said he died at Sandy Lake and two other sources say he died at Elk River.

### **The Father dies in 1773 and the son has a Similar Name but it is Spelled Differently**

The internet information also

revealed that in 1827 there was a Treaty with the Chippewas, Menominees, and Winnebagoes and that Gitshee Waubeshass was a descendant of Ke-che-waub-ish-ash.

### **The Book Aborigines of Minnesota**

This book shows the name of Ke-che-wa-be-ches, Big Martin, Chief defeated by the Dakota at a battle at Knife Lake in 1793.

This book shows the name of Ke-che-waub-ish-ash, Big Martin who signed the Treaty of Fond du Lac, 1847.

### **The Book Tour of the Lakes by McKenney – It is about the Treaty of 1826 that was signed at the old Village of Fond du Lac.**

This book shows that Gitshee Waubeeshaans from Lac du Flambeau signed this treaty in 1826. The Great Father in Washington wanted peace between the Chippewa and Sioux and a boundary line to be set. The mineral copper was also wanted.

Gitshee Waubeeshans (Big Martin) also spoke to the Commissioners on August 3, 1826. This is part of what he said, "Fathers,--When I heard of your coming, I thought your hands were not empty. I expected to find something in them for your children. I live away from the waters. There is no road for my father to travel on to see me. I hear of him, as he passes my cabin, on the right hand and the left; but I do

not see him. With more reason, therefore, do my young men think, that now they will not stretch out their hands in a cold night in vain. They are poor. They are not like my fathers. You, Fathers, travel in a full canoe. Your young men always see enough before them. But my canoe, Fathers is empty. Even my women and children, whom I have left in my cabin, are naked and hungry.

The Great Spirit has helped you make for yourselves fire arms. We ask for some. We have none.

I hope the line, as marked out, will not be altered. The Menomonies and I smoked together. So shall I be able to give them some of your tobacco to smoke.

### **Treaty with the Chippewa – 1854**

This shows the name of Ke-che-waw-be-shay-she or The Big Marten as 2d Chief at Lac Court Oreille.

### **Ogima Biauswah - Duluth News Tribune of 10-18-1933**

He was a mighty warrior. When age crept upon him he became a civil and peace chief. For his place as war chief he selected Ke-che-waub-ish-ash, a doughty fighter who fell in battle far down on the Mississippi at Elk River, covered with the scars of a hundred fights.

## Prevention/Intervention Program

The Fond du Lac Reservation along with the Min No Aya Win Clinic has been operating the Prevention/Intervention Program for several years. The community based program focuses on working with youth and their families. The intent is to keep children from using alcohol, tobacco, and other drugs. The program will work on preventing, delaying, or reducing the use of alcohol, tobacco, and other drugs by our youth. This will be accomplished by utilizing the "Project Northland" and "Protecting you/Protecting me" curriculum designed for grades 1-12. Grades 1-5 will be receiving the "PYPM" curriculum. The sixth grade will receive

the "Slick Tracy" curriculum. Grade seven will receive the "Amazing Alternatives" curriculum while the eighth grade will receive "Power Lines" curriculum. The ninth grade will receive the "Class Action" curriculum.

We will be working with the children on social life skills, such as: decision-making, resistance skills, and problem solving. Our goal is to educate our youth on the dangers of alcohol, tobacco, and other drugs by focusing on how to make better and smarter choices. It is also our intent to promote the development of positive relationships throughout the community. The program is designed to provide parent

involvement activities with the structured curriculum.

To keep children and families engaged, the Prevention/Intervention program will provide organized, structured alternative activities. The intent is to encourage youth to participate in pro-social activities, while engaging in positive peer relationships. Other activities offered by the Prevention/Intervention program include: cultural programs, cooking classes, archery, skiing, snowboarding, tubing, hip-hop, and a variety of family field trips and family events.

The Prevention/Intervention program will once again offer a well rounded summer program which will include a variety of

cultural, academic, and other group activities. The Summer Recreation component will be four days per week for children ages six through seventeen.

The Prevention/Intervention program provides services to American Indian children and

families of the Fond du Lac reservation, Cloquet, and Duluth school systems and community. For additional information call Min No Aya Win Clinic (218) 879-1227, ask for Prevention/Intervention.

## Enhancing the Forest

You may have noticed some activity along Ditchbank Road just east of Ishpimining Road. The forestry crew is working on a pre-commercial thinning to enhance the young forest.

The land is former Diamond Match and later Potlatch land. The stand originally was a mixed hardwood stand prior to its being clear-cut 25 years ago. The previous stand was dominated by maple, basswood, red oak, and birch. After clear cutting, aspen became the most prevalent species.

The Fond du Lac Integrated Resource Management plan (IRMP) emphasizes management for hardwoods such as paper birch and red oak where ecologically appropriate. This proposal is to

use pre-commercial thinning to favor paper birch and red oak in this stand.

One of the thinning processes is to give most the paper birch and oak a crown release. At least 3 sides of the marked trees will have adjacent crowns removed. The forestry crew clears 6-8 feet around each marked stem. Most of the paper birch and red oak are of stumps sprout original, which are too dense to provide good growth. The stump sprouts will be thinned down to 1-2 quality stems. This treatment will result in faster growth rates for the remaining stems. Hopefully, the paper birch will produce basket quality bark sooner with this treatment.

The forest crew members working on this project are David

Petite Sr., Matt Weske, Matt Goseyun, Cody Bauer, Lance Northbird, Matt Petite, and April Petite.

This project area has been designated as a woodlot. Permits for the wood are available at FDL Resource Management. The wood cut from this project are two to six inches in diameter. Cut species are paper birch, red oak, and aspen. Only cut trees are available to gather for firewood. There is not enough room to drive a pickup into the thinned woods so firewood will have to be hauled out with an ATV or snowmobile.

The other woodlot on Waabooz Road off Twin Lakes road still has firewood on it. Unfortunately, access is very challenging. We had one of the wettest falls in

*Matt Petite thinning the forest.*

history and the ground did not freeze until January. A few individuals went into the woodlot on the very wet unfrozen road and rutted its entire length. The ruts are so deep that Forestry's one ton truck bottoms out. The road is currently impassible. Public Works will be working on the road but plowing snow and

sanding takes priority for them.

The forest crew members working on this project are David Petite Sr., Matt Weske, Matt Goseyun, Cody Bauer, Lance Northbird, Matt Petite, and April Petite.

## Asemma: The Vessel of Connection art show

From art show curator  
Wendy Savage

This exhibition will explore the artist's connection to the use and importance of Asemaa (tobacco) in their daily lives and culture. Misuse of tobacco – cigarettes in the general population is a major health concern in today's world. Tobacco use and secondhand smoke have been proven to cause cancer. Reservations are now taking a hard stand to lessen the use of cigarettes and secondhand smoke in our populations.

Lung cancer is one of the major causes of death in our native population. Natives die at a higher rate than the general population, and we are diagnosed at later stages of cancer. As an ovarian cancer survivor, I have

firsthand experience with cancer treatments. If we can help and raise awareness to stop smoking and keep secondhand smoke from our environment, it will start the path to better health for us all.

As curator, I have joined with Clearway, QUITPLAN, Fond du Lac Reservation, MNAW Clinic and the Fond du Lac Museum to have the exhibition "ASEMAA: The Vessel of Connection" at the Fond du Lac Museum located next to the Tribal Center at 1720 Big Lake Road, Cloquet MN 55720.

The reception took place on January 13, 2016. The exhibition will be up at the Fond du Lac Museum until February 9, 2016.

## Why Move More?

By Karen Stoneburner,  
RDLD

Public Health Dietician

Call it exercise or call it activity, it doesn't matter. The important thing is that you are doing it. Move your body more. Increasing your activity can have numerous effects on the body and your health. The Mayo Clinic states exercise can:

- Help control weight. Whether you need to lose weight or maintain your current weight, exercise can help do that
- Combats health conditions and diseases such as obesity, heart disease, diabetes and cancer.
- Boosts energy by increasing muscle strength and endurance. A healthier body can deliver more oxygen to the body. We all need oxygen! Exercise can also get your heart and lungs working more efficiently
- Promotes better sleep. Helps you fall asleep faster and have better sleep. Just don't exercise too close to bedtime
- It's fun! There are so many activities to pick from. Find an activity that you enjoy, like the outdoors. Consider hiking or exploring a new bike path. More of an inside person? Find an indoor swimming pool, pick up a game of basketball,

mall walk. Anything to get you moving

- Improves mood. Enables you to relax and think clearer. Who doesn't want that?

According to the Office of Disease Prevention and Health Promotion, the adult recommendations are pretty simple. Avoid inactivity.

Do aerobic activity (150 minutes a week of moderate-intensity, like brisk walking or 75 minutes a week of vigorous-intensity such as jogging or swimming laps, or a combination of the two). Aim for active segments of 10 minutes or more, ideally spread out over the week.

For even greater benefits, increase the amount of time to 300 minutes of moderate-intensity or 150 minutes of vigorous-intensity a week.

Strengthen muscles by lifting weights or using resistance bands.

Recommendations for children ages 6-17 are 60 minutes or more a day of activity.

So get your bodies moving! The Reservation offers numerous opportunities, classes and locations to exercise. Check them out. Before beginning an exercise routine, always consult with your healthcare provider first.

# Candidate Statements

The following position statements are from the candidates themselves, who are running for the Sawyer District II Representative. These messages are unedited from the candidates except to change them to our format for the newspaper. The election is Feb. 9 from 8 a.m.-8 p.m. at the Sawyer Center.

## Bruce Michael Savage

Dear Sawyer District II Voters,

I want to thank the Sawyer community for your votes in the Primary Special Election that put my name on the ballot for the February 9th Fond du Lac Reservation District II Special General Election.

I am ready to represent what the Sawyer community holds as true which is, a good life. During my campaign many people have welcomed me into their homes. I appreciate everyone who gave me a bit of their time to talk about important issues in Sawyer. I have a deep respect for everyone's willingness to share their thoughts and ideas about

how to bring out the best in Sawyer. Sawyer families have a very strong connection to the resources it provides. If you choose to elect me into this position, we will be addressing the topics and concerns that you brought up in our visits. I would like to continue our dialogue; you can reach me on my cell phone (218) 393-6902. I am looking forward to networking and bringing new ideas forward about building our economy in Sawyer and on the Fond du Lac Reservation. My business and management philosophy and approaches:

- Finding resources to complete new initiatives and responding with flexibility
  - Decision making that is fair and protects our treaties
  - Constructive and logical business orientated approach to management of the Sawyer Community Center
  - Persuasive and motivated to generate ambition within our youth-our future leaders
  - Listening to others and supporting a balanced approach for long term care of the community and for our aging population/young families
  - Fair consideration of opinions, a grounded leadership style that is transparent and offers respect, yet sets clear boundaries as needed
- So, on February 9th I am again, asking for your support. With everyone's busy lifestyles and this being a Special General Election, it could quietly slip pass us. Please mark your calendars and call relatives that vote in District II. Your vote matters. ~ Sincerely, Bruce Michael Savage [spiritlakesugar@yahoo.com](mailto:spiritlakesugar@yahoo.com) (218) 393-6902

## Brenda Shabiash

Hello My name is Brenda Shabiash and I have moved onto the Special General Election for District II Sawyer Representative.

Miigwech to everyone who voted!

Brief Family Summary: Grandparents: Mike & Susan Blacketter Shabaish Parents: Ben & Sandy Shabiash

Myself: Mother, Grandmother, foster parent

My family have lived their lives and raised their families

in Sawyer. Sawyer is the roots of my foundation. Anyone can assume what they think is best for the community, but until you actually talk and listen to them you will not understand their needs. This interaction builds a trust and takes time. It's not something that can happen with an appearance a couple times a year. With me being born and raised here, I am not looking from the outside in, I am fortunate enough to be on the inside trying to help.

I am currently the Sawyer Center Manager and have held this position for 11 years. I'm willing to give this up for the remainder of the 2 year term. Why? My job allows me to interact with the community daily. I listen to their concerns and see the struggles. A lot of these are an easy fix others not. We need a representative that can address these issues and who can communicate back with the community, whether you are on or off the reservation. Ideas to work on: Youth:
 

- Mechanic garage
- Trainings with our own entities and local business to intern our youth in their areas of interest.

- Baseball field recreation area Center Trainings:
  - CDL Training-Certificate Programs-Computer classes Elders:
  - A lot of calls for lawns-shoveling-tire change-jump starts and general assistance. We need a crew to address these needs
  - Incentive Work Program:
  - Some people can work only a few hours a day. Lets get them out there and use FDLGG or super one gift cards for their labor.
  - Casino:
  - The employees are the front line to our success. We need to value their input with all concerns and customer feedback. If we are only relying on this for revenue we need more time focusing here.
  - Business options:
    - Why are we not moving forward? Some ideas get blown out of reach. We need to start small and build up.
    - Beef-Bison-Chicken-Pigs, we have people who can do this. Start our own co-op to feed our people.
    - Bank:
    - We have over 2000 employees but yet we still outsource All the above could produce jobs and promote growth!
- Time for the Sawyer District to come together again and be the District we are proud to call home. If elected I will be there to REPRESENT and LISTEN to each and everyone with not judgements or prejudice. Miigwech Brenda Shabiash (218) 461-6076

## Wildlife needing assistance...What Should You Do?

By Shannon Judd

(Reprinted with Permission from FDL Environmental Newsletter Biboon 2014)

Most people want to help when they see animals that appear injured, abandoned, or ill. First, make sure the animal really is in need of help! If it is truly in need, please do the following:

If you come across an animal and do not need to move it right away, call one of the contacts below before acting.

If you need to move the animal, wear gloves and cover it gently with a blanket to minimize stress on the animal and chances of injury. Place the animal in a pet crate or box with holes.

Do not feed or give water to the animal unless instructed to do so by a wildlife specialist.

Many animals that appear abandoned are actually under the watchful eye of their parents. Watch the area for a couple of days, if their health appears to be declining, call one of the contacts listed.

# Community News

These community pages are yours, the members and employees of the Fond du Lac Band. We welcome family news. Please send us information about births, engagements, weddings, anniversaries and deaths. Please include the full names of the individuals in the greeting announcement, as well as the date of the occasion. Full names, including individual last names are required.

Also, we will include news of graduations (high school and post-high school) and military service. Memorials to loved ones or notes of appreciation are also welcomed.

Please submit materials during the first two weeks of the month preceding the next issue. For example, send notices to us by or on Feb. 15, 2016 for the March 2016 issue. Information may be sent by U.S. mail to FDL News, 1720 Big Lake Rd., Cloquet, MN 55720, or by email to zacharydunaiski@fdlrez.com.

The telephone number is (218)878-2682. You may also drop off items at our office at the Cloquet Tribal Center. Please remember to include the date of the birthday, anniversary, etc. in your greeting. Always include your daytime phone number and your name with anything you submit. Materials may be edited for clarity and length.

Congratulations to **Noah Diver Cominsky** who has been accepted to Harvard School.

Noah's parents are Mark and Mary Diver Cominsky. Proud grandparents are Maureen and Don Diver.

## Obituary

**Ona Nicole Amoit**, age 31 of Big Lake, passed away peacefully with her family by her side on December 8. Preceded in death by grandparents Sin B and Beatrice Huie. Ona was a compassionate loving mother to Shelby, MaKayla and Dylan, daughter to Susan Lin (Brad Little), Douglas Amiot (Glenda Huie Amiot) sister Tiffany Keleher (Chris), brothers Joseph and Derek Rocha, Alexander Nelson, grandparents Kenneth & Mary Lou Amiot, Charlotte (Steve) Burket, Finance' Paul Olson (daughter Peighton), and many aunts,

uncles, cousins and friends.

Ona was a graduate of Monticello High School and was attending Rasmussen Business College. Ona loved spending time with her children, making countless crafts, couponing, and bargain shopping. Paul and Ona were engaged in June 2015 and enjoyed traveling together and entertaining family and friends. Ona was a dedicated employee of Wal-Mart in Monticello for 10 years. We wish to thank Ona's doctors and health providers for the past 3 years of service.

In lieu of flowers memorials preferred to American Association for Cancer Research and St. Jude Children's Research Hospital.
